

## Mapmaking Activity

You will make one political/physical map of anywhere, real or not (preferably “not”, it’s tough to mess up fantasy). Do not get a false sense of security with how much time you have to do this. As always, grades reflect effort. No copying or tracing is allowed. Yay.

Your map ***MUST*** include the following:

1. Title
2. Scale
3. Key
4. Boundary lines
5. Cities
6. Information relevant to a physical map
7. Compass rose
8. Accurate latitude/longitude lines (think about what type of map projection you’re using...)
